Payment Schedule

50% when placing order. Balance upon receipt of final order.

HELPFUL HINTS

Rest- Get plenty of rest the night before your appointment. If your sitting is early in the morning, get up well before so you look wide awake.

Hair- Wear your hair in the style you are most comfortable with. Avoid trendy styles and new cuts. Don't change just for your session. If you plan to change hairstyles during your session be sure to discuss that with us before your session begins so you can group clothing or props together before changing your hair.

Clothing- Things to consider when selecting your outfits.

- White or pastel colors are perfect for lighter backgrounds.
- Casual outfits in earth tones work best for outdoor photographs.
- Middle tones or deeper solid colors are ideal for formal portraits.
- Bright colors look great with color key backgrounds.
- Avoid large prints or patterns that can detract from your face.
- Choose long sleeved shirts or sweaters rather than sleeveless ones. After your planning session, group the cloths, accessories, jewelry and/or props together that have been decided on. Try to plan for something classic, casual and fun! Choose colors you look great in and be sure you really LIKE what you are going to be wearing.

Glasses- If you wear glasses, you may want to consider borrowing frames without lenses from your local optometrist. This will cut down on glass glare and eliminate extra art charges.

Makeup- Keep your makeup natural and fresh looking. We may ask you to put a little more on depending on how you look under photographic lights. Bring your makeup with you.

Facial Hair- Guys, a fresh shave is a must! If you have a beard or mustache, have it neatly trimmed.

Tans- Be careful not to overdo it on tanning. Artwork can be done to remove tan lines, but remember that art is an additional charge.

Jewelry- Class rings, by all means, wear it! Remember to group your jewelry with your poses as you do your clothing.
